QUALITY TO COUNT ON

Our products are proudly built and tested right here in America's heartland. That's why we're able to cover our furnaces and air conditioning units for manufactured housing with some of the strongest warranties in the business.

- * Gas furnaces come with 15-year (MM9E) or 10-year (DGAX) heat exchanger limited warranties.
- * Electric and gas furnaces come with 1-year labor limited warranty and 2-year parts limited warranty
- * Air conditioning systems come with a 1-year warranty without registration, 10-year compressor limited warranty and 5-year parts limited warranty

"This product complies with all California product labeling laws including, but not limited to, the Safe Drinking Water and Toxic Enforcement Act of 1986, more commonly known as Proposition 65."

Due to ongoing product improvements, specifications and dimensions are subject to change and correction without notice or incurring obligations. Determining the application and suitability for use of any product is the responsibility of the installer. Additionally, the installer is responsible for verifying dimensional data on the actual product prior to beginning any installation preparations.

Third party incentive and rebate programs have precise requirements as to product performance and certification. All products meet applicable regulations in effect on date of manufacture; however, certifications are not necessarily granted for the life of a product. Therefore, it is the responsibility of the applicant to determine whether a specific model qualifies for these incentive/rebate programs.
